“Embracing

Every Moment”

From Our Manager *Brett Ingersoll*

Hello Everyone,

Spring is in the Air! It is the time to get outside, seed the lawn and plant the flowers. It is also the last month with an R, so trim your trees now or you have to wait until September! These are all things that I have learned over the years by watching or listening to my elders. This is something that I don't feel that we do as much as we should nowadays. So I want you to get outside, take someone from your family or friends group, and soak up all the information that you can. There is always something new to learn, no matter how old or young we are! Have a great April!

On April 11, 1814, Napoleon Bonaparte was exiled to the island of Elba and he was abdicated as Emperor of the French.

Maintenance

John Kollman

Spring is officially here folks!

I'm excited to start working outside a bit more. I will be checking the roof, driveway, yard, and sidewalks for winter damage.

I will also be doing some different things with music for my music class; it will involve some 'live recording' for my audience. It should be fun!

Spring has sprung!

From the Culinary
Josie Doudney

Spring is finally here, we are looking forward to our new Spring Summer menus this month and also all the fresh fruit and vegetables for our salad bar that the residents love. This month in our cooking class we plan to make mango salsa. We are also looking forward to our Easter Dinner for the residents this month. We are also looking forward to getting the grill going and getting back in to our Friday cook outs! Hope everyone has a Happy Easter

Life Enrichment Coordinator
Shari Vargason

Hello there,

It's finally spring time. Which means we will get out a lot more.

This month we will be going to the Gallagher Blue-dorn to a play called Seussical.

I am excited to try some thing new. We are also having a Easter themed lunch for Easter on Friday April 14th.

If you would like to paint eggs with me Make sure you check your calendar to see when we will be painting eggs. Have a great April.

Health Care Coordinator
Angie McCann

Well we finally made it to Spring! I know I am more than ready to welcome the warmer weather and sunshine! That always reminds me of Spring cleaning. So I would like to provide reminders to watch the dates on your over the counter medications. There is an expiration date on those medications, and they are not good or effective to take past that time. Some are good for up to a year after the date. Also any old medications you are no longer taking, you can give to Angie to destroy or some pharmacies will destroy old prescription medications. Please let us know if you would like help to go through any medications or if you have any questions!

When April arrives our hearts are usually full of thoughts of renewal and fresh beginnings. These are the days when the sun is shining... it may bring us April showers but the warm showers are refreshing and invigorating because we know the sunshine will return soon.

April is named for the Greek goddess of love, Aphrodite. The name for the month of April originally came for *Aprilis* which means to open. The name *Aprilis* is very appropriate because in so many places the trees and flowers begin to bloom and go on to flower during the month of April.
