Hello Everyone,

As I am sure you have seen June and July were very busy months as we had the 15-year anniversary as well as many other things going on. August looks to be busy as well as we start to swing into the school year (yes, that is what I said!) and start to get our visitors from the local schools, football games and everything else that comes along with starting to head to fall. Enjoy the rest of your summer and take time to slow down and enjoy it. It will get

**July trivia Answer.**

**We declared independence because we were taxed without representation.**

**On what day did Martin Luther king make his famous I Have a Dream Speech?**

Hello Everyone, hope you had a great July! August is finally here and this month we will be raising money for the Alzheimer's association. We will be having a fundraising day that we will be inviting the public to participate in. This should be a fun time to have you friends and family visit our community and help an amazing cause. If you would like to partner with myself and all the Arlington Place coordinators to help with this event let me know.

We also will be taking full advantage of the beautiful weather with upcoming country drives and going on a picnic at the park. There are

*Angie McCann*

Hello all, just a simple reminder this month to remember to update the RN of any changes in your health or any new orders for therapies, etc... Angie is willing to help keep track of medications, appointments, etc. Also let Angie know of any medical or other appointments so no mistakes occur and nothing gets missed. Thank you!!

## August

[www.entourages.com](http://www.entourages.com)

August is the eighth month, renamed by the Romans from *Sextiles'*, meaning sixth, to honor their emperor, Augustus.

August is the height of the summer time in the temperate zone of the Northern Hemisphere. The longest days of the year is passed, but the hot days remain. In the northern regions and mountains, cool nights and early frosts lets one know that the summer is about to come to an end. In the Southern Hemisphere, August means the winter will soon be over.

The birds are already planning to fly south for the winter. The insects are more noisier and numerous than in any other month. This is perhaps the busiest month for businesses, since most people take their vacations in August
