Hello all!

What a great start we have had to the new year! Please thank your families again for coming into our community and sharing such an amazing holiday season with us. We have some new activities coming up so make sure to keep your eyes on the calendar. Again, with the weather being colder please make sure to bundle up. Thank you again for a great start of this new year!

January trivia Answer.

the Union Jack

When Benjamin Franklin was born in Boston on January 17, 1706, no one knew then that he would be famous. People think of Franklin as a genius. How many years of schooling did he have?

Hello everyone! January sure flew by! I hope everyone made it through the flu season and all is well! Everyone must be getting Spring Fever; I know I am! Valentine's Day is right around the corner, we will be having a party with lots of goodies... including a chocolate fountain!! We are looking forward to sharing that with you. I hope everyone has a great month and I for one cannot wait for some

Hello everyone,

February is here, closer to warmer weather. Valentine's is going to be yummy with all of those sweets. I can't wait! I have enjoyed our activity talks and getting more ideas to put on the calendars. Keep thinking of those great ideas and I will make sure I get them on the calendar.

Health Care Coordinator

Angie McCann

A message from the nurse:

February 1st will be our blood pressure clinic here at Arlington Place. Every resident is asked to stop and see Angie during the day on Thursday February 1, 2018. My office is located across from the library. I will be checking your blood pressure, pulse, temp and O2 level as well as your weight for your monthly vital signs. If there are any changes that I should be aware of please let me know then!!

Thank you!!
